Back in 2007 when I first moved to Medellin and after frequenting the always popular Parque Lleras sector of the city, I realized there was no one that would cater to VIP Clients correctly. I noticed many tourists looking for American like service in Colombia only to find that this wasn't available.

After working for a few bachelor party agencies, I realized I had garnered enough knowledge and created a large enough network to provide this service on my own. I wanted to **debunk Medellin myths, prove doubters wrong and create memories** for every single one of the visitors (many now lifetime members of our Medellin Crew) I came across. Alas, **Medellin crew** was born.

We specialize in vacation trips to Medellin (as cliché as this sounds) from A to Z. So if you're looking for a bachelor excursion for 72 hours where everything is tailored to your needs, a single traveler looking for experiences or a family trip where culture and excitement is kept PG, **you've come to the right place.**

Don't go to Colombia without Medellin Crew!

Medellin crew was the perfect choice for our group! Jovan and his team handled everything from finding us a great place to stay, keeping it stocked to setting up tours and dinner reservations at places we never would've found! Don't miss wake boarding on Guatapé! Don't travel to Colombia without Jovan and his team! I wish I could use this service on all my travels!!

Best Trip Ever!

Colombia was amazing! Medellin Crew is totally to blame lol. Jovan and his team are hilarious, hip and know all the right people to make the city feel like home. Our stay was too short and I can't wait to go back and have Jovan continue to surprise. I'm 100% confident you will feel the same! Thanks Medellin Crew!!!

—Transportation in Medellin

Airport Transfers in Medellin is by far one of the most solicited services.
